

The Process Plugins™ Emissions & EPA Calculations provides all applicable emissions calculations from Environmental Protection Agency (EPA) 40 CFR Part 60 (Code of Federal Regulations) per revision of July 1, 1993. Also included are any provided calculations necessary to accommodate state, local, or international government regulations. This customization may include totalizing in defined time-blocks as required.

The complete documentation of the Process Plugins™ Emissions & EPA Calculations is currently under development and will be completed in the near future. If you have an immediate need for a detailed description or need to know the status of testing and availability of any of the Process Plugins™ Solutions, please contact us by one of the methods below.
